What you need to know

What we can accept

- All greenwaste including bamboo, flax, palms and cabbage trees.
- Stumps and slash with minor residual soil.
- Logs and rounds of timber.

What we can't accept

- Inorganic material
- Straight soil (including excessive soil on stumps)
- Food waste
- Timber (treated or untreated)
- Greenwaste contaminated with inorganic rubbish

GreenBin

Standard hire is 3 days.

On delivery day please ensure our driver has access to your site.

This includes:

- Minimum driveway width of 2.7m and height clearance of 4m
- No overhanging branches, power or telephone lines
- No vehicles or debris blocking the site
- Gates are unlocked to allow access.

Using your bin correctly

- Greenwaste ONLY. If your bin contains items other than greenwaste you will be charged for appropriate disposal.
- Once the bin is placed it cannot be moved.
- Any damage to bins will be charged.
- Do not fill the bin past the top or leave excess waste around the bin
- Weight limits apply and weight over the bin limit will be charged. Excessive weight could result in bin non-collection and a requirement to unstack the bin.
